Recommendations

"Very impressive! Great concept. This is what is needed right now for companies interested in exporting and global networking"

Sir Jeffrey Donaldson MP, Chair British Turkish Parliamentary group

"SupplyFinder is a vital resource that fills a significant gap in the complex global economy"

Stephen Byers, Former Secretary of State for Trade and Industry

"SupplyFinder provides the unique service of matching buyers to sellers on a single platform throughout the trade lifecycle. We are proud of our ongoing collaboration with this exciting product and project"

Graham Bright, Euro Exim Bank

"We urgently need more practical tools to help SMEs trade internationally, particularly with the world switching to digital. SupplyFinder comes at a perfect time where there is a huge gap in the market for a truly global resource that all companies can benefit from."

Chris Southworth, Secretary General, International Chamber of Commerce (UK)

Lord Waverley

FOUNDER & CEO

BREAKING BOUNDARIES TO FACILITATE TRADE

SupplyFinder provides practical tools & solutions covering developed and emerging markets globally.

"The challenges of the future will be eased by presenting access to opportunities, supporting information and assisting those providing premium services. Great care with attention to detail has been taken to present an all-encompassing service which I trust users around the world will find to be of benefit."
